

Characteristic & Function

- 6 zones to precisely identify locations horizontally on both sides uniformly (Left & right) from head to toe.
- LCD Display for better visualization.
- Operating Frequency can be adjusted manually or automatically
- Working frequency (0~16), with adaptive function according to the working environment.
- Move after folding or installation
- Detection technology: Even Detection technology, no blind spot.
- Multi-alarm sounds to choose.
- Alarm time can be adjusted from 0- 25secs.
- The sensitivity of each detection zone can be adjusted.
- Sensitivity Level: 0~255
- Alarm & Pass Counter.0~99999.
- Zone metal detection shown on both sides of DMFD.
- LED Bar on panel indicating volume of metal upto 6 stages.
- Detect all types of Metal
- Password protected for better security

Technical Parameter

NABL Tested	Government Approved Lab
Dimensions	Approx 2210mm (h) x 710mm (w) X 510mm (d)±5%
Net weight	Around 24kgs
Power	AC 100V~260V 50/60Hz
Humidity	95% Non condensing
Workplace Environment	- 20°C to 55°C
